

Couple, Nine Children Perish in House Fire

CLARKSVILLE, Tenn. (AP)—Officials believe Mr. and Mrs. Alex Whitehead and their nine children perished in an early morning fire which destroyed their frame home in the nearby Dotsonville community of upper middle Tennessee.

Debris from the burning debris prevented firemen from searching the ruins immediately but Montgomery County Sheriff Kenneth Albright said the entire family is missing, along with Mrs. Whitehead's father, Albert Gibbs, who lived with them.

"I wish I could say some of them didn't die," Sheriff Albright said, indicating he feared the toll would reach 12.

The children ranged in age from 13 years to 9 months.

Sheriff Albright said he had not determined how the fire started, but the Clarksville fire department was called about 4 a.m.

Whitehead was employed by a Clarksville soft drink bottling firm.

Tornadoes Hit Area in Louisiana

SHREVEPORT, La. (AP)—Tornadoes, accompanied by hail, winds and heavy rains lashed the Ark-La-Tex area Monday, killing two persons in east Texas.

At Shreveport, a twister tore into a home in the northern section of the city, causing an estimated \$5,000 damage, but spared the rest of the densely developed neighborhood.

Huge hailstones ripped bullet-like through the wing fabric of some 75 small airplanes at the Shreveport municipal airport. Wind gusts reached 65 miles per hour.

Extreme northwest Louisiana, extreme southwest and extreme southcentral Arkansas and eastern and central Texas were under a tornado alert until 1 a.m. today. The area was along and 60 miles northwest of Austin, Tex., to 30 miles south of El Dorado, Ark.

A twister destroyed five homes in the east Texas community of Appleby near Nacogdoches. The bodies of Mr. and Mrs. Wesley Brookshire were found near their demolished home.

Chickens Now on School Lunches

LITTLE ROCK (AP) — Every American school child can have a chicken dinner as a result of a new federal program — and a lot of them will feast on Arkansas birds.

Under the new program, the federal government is buying 7.5 million pounds of frozen, cut up chickens for distribution under its school lunch program. So far 1.2 million pounds of Arkansas poultry has been bought and more is expected to be purchased later this month.

Purpose of the program is to introduce chicken into school lunch programs.

The first shipment of the frozen chicken to Arkansas school districts went today to the North Little Rock School District.

Poultry is bought on a bid basis. Prices range from 37 to 39 cents a pound. At 38 cents a pound, 7.5 million pounds of chicken would cost about \$3.8 million.

Mrs. Seamans to Manage Saenger

Mrs. Henry Seamans will carry on for her husband as manager of the newly remodeled Saenger Theatre in Hope, it was announced today by Jack D. Braumager, president of Hope Enterprises.

"We are happy to be able to make this announcement," he said, "as we feel that Mrs. Seamans is more suited to the position than anyone else that we could bring in as manager. She will be able to carry on just as Doc did, and we know her host of friends will be with her at all times to make her job a success."

Mrs. Seamans, when asked about the job said, "As a member of the Hope community, which is my home, I am going to try to operate our theatre just as I'd want it to be managed as a mother of two children. We will bring on the weekends only the kind of movies that we feel are suited for entertainment for the whole family, and the pictures with an adult theme will be shown during the middle of the week when the children do not attend."

"I would like to see the Saenger used more often for community events, such as meetings, conventions, civic music programs when available and school and church functions. We want to be called on to assist in anyway we can in anything that will help Hope."

Mrs. Seamans is no newcomer to the business — before her marriage she was a theatre employee, and has been in close contact with theatres ever since when Henry was manager in Fayetteville, Pine Bluff and other cities, and she has also been active when the Drive in theatre here was operating.

"I hope that everyone will get the movie habit once a week in Hope. In our advertising in the Hope Star we will always tell you when a picture is strictly adult entertainment," Mrs. Seamans added.

Vote Probe to End in Prairie

DE VALLS BLUFF, Ark. (AP)—A Prairie County Grand Jury expects to wind up hearings Wednesday in an investigation of voting irregularities in three elections. About 25 persons were called to testify Monday when the jury resumed hearings after a recess.

The jury Monday ordered Circuit Clerk Billy Garth to return the Hazen Township ballot boxes for the Dec. 6 school election. No voter lists, required by state law were found in some boxes.

The jury also is investigating irregularities in a primary last August and in the November general election. About 10 witnesses are expected to be called Wednesday.

Political Leader Dies at Harrison

HARRISON, Ark. (AP) — Guy Allen Moore, 68, of Jasper, a veteran political leader and former Newton County treasurer and circuit clerk, died Monday in a hospital here.

He served two terms each as treasurer and clerk and was chairman of the Newton County Democratic Central Committee. He had been the county's state revenue collector since 1954.

Millwood Breakfast April 4

Local citizens are reminded of the annual meeting of the Red River Association on Monday and Tuesday, April 3 and 4, at Shreveport, La. The annual Millwood Breakfast will also be held again this year on Tuesday at 7:30 a.m. in the Crystal Ballroom of the Washington-Yorke Hotel.

It is an accepted fact that these early morning breakfast meetings, so well attended by interested citizens from this area, have been a definite factor in getting the project started, and Red River Valley Assn. officials, along with those of the Southwest Arkansas Water District, urge all interested parties to be present for this breakfast, and lend their assistance in getting an additional appropriation of two million or more dollars for the project during the next fiscal year. This will be in addition to the present two and one half million dollar appropriation and should speed the work to an earlier completion.

Principal speakers for the breakfast will be Major General Keith R. Barney, acting Chief of Engineers of Washington, D.C., Major General Robert J. Fleming Jr., Division Engineer for the Southwestern Division Corps of Engineers of Dallas and Colonel Howard Penney, Chief Engineer of the Tulsa District Corps of Engineers, Tulsa. Others in attendance will be Congressman Owen Harris, Congressman Davis of Tennessee, some of the congressmen from other areas and other Corps of Engineer personnel.

Tickets are on sale at the Chamber of Commerce office and since the meeting place will not accommodate the usual large crowd of previous years, local citizens are reminded to get their tickets as early as possible. A total of 60 tickets has been allotted to the Hope area this year. Delegations from Magnolia, Ashdown, Texarkana and Lewisville will also be in attendance.

A new map of the dam and lake is on display at the C of C office and those interested in seeing it are invited to come by the office.

Rundown on Polaris and Minutemen

WASHINGTON (AP)—Here's a brief rundown on the Navy's Polaris and the Air Force's Minuteman missile systems discussed by President Kennedy today in his military message to Congress:

The Polaris submarine, atomic-powered and capable of deep diving and prolonged submergence, carries 16 Polaris rockets. The present model missile has a range of about 1,200 miles, carries a thermonuclear warhead.

The Polaris is launched while the submarine is submerged. Its rocket engine ignites upon reaching the surface. Kennedy wants to expedite perfection of a Polaris missile with 2,500-mile range.

The Minuteman missile, like the Polaris, uses solid fuel instead of the harder-to-handle liquid of bigger rocket engines. It is designed primarily for launching from underground silos protected against enemy attack.

The Air Force has proposed to mount Minutemen on trains, moving them about to make it more difficult for an enemy to spot them. But Kennedy today proposed that plan be deferred for a time, concentrating instead on getting more Minutemen for permanent launching sites.

The bigger Minuteman has a substantially longer range, about 5,000 miles, and carries a nuclear warhead.

Voting Machine Ruling Appealed

LITTLE ROCK (AP) — The City of Little Rock has appealed to the Arkansas Supreme Court a circuit court ruling that the use of voting machines violates the state constitution. The court took the case under advisement Monday.

Arguments are scheduled for next Monday and a decision is expected sometime this spring. The city asks that the Pulaski County Election Commission be ordered to install voting machines.

Jobless Share Is \$5 Million

LITTLE ROCK (AP) Arkansas will get \$5 million in federal funds under a new federal act extending unemployment benefits to jobless workers. The payments will begin April 10.

The act will pay up to 13 weeks of additional benefits to unemployed workers who have exhausted regular benefits since June 30, 1960.

J. L. Bland, state Employment Security Administrator, said the Employment Security Division will begin taking applications April 10 at all local offices.

Stock Pledged for Clarksville Plant

CLARKSVILLE, Ark. (AP) — The Johnson County Frozen Foods Corp. said Monday it had stock pledges of \$92,000 from residents of this area and would begin construction later this week on a \$275,000 peach processing plant. The plant will be completed July 1 and also will process vegetables, berries and other foods. It will be located four miles south of here.

A loan of \$175,000 was approved by the federal Small Business Administration, and the company had to raise \$100,000 from sale of stock locally.

Sterlin Hurley, president of the corporation, said the last \$8,000 was expected to be raised this week.

Heavy Rains Lash Parts of Arkansas

By THE ASSOCIATED PRESS
Heavy rains accompanying thunderstorms brought a rapid rise on the Ouachita River in south Arkansas, but the U.S. Weather Bureau said today no flooding was expected.

The Ouachita at Arkadelphia jumped 7.7 feet overnight to 16.5 feet today, half a foot below flood stage.

A 2.6 foot rise was recorded at Camden, where the Weather Bureau forecast a crest of 25 to 26 feet—about flood stage—by Saturday.

The Weather Bureau said the river at Arkadelphia should start falling today.

The White River continued slightly above flood stage at Clarendon and St. Charles. It has been a little above flood stage for about a week, but no serious flooding has occurred. The Weather Bureau said the river would not change much in the next few days. It is about a foot above flood stage.

Much of the southern part of the state was under a severe weather warning Monday night, but the only storm reported was at El Dorado. There hail fell during a heavy thunderstorm. There were no reports of major damage.

Rusk Wants Firm Stand From SEATO

By HAL MCCLURE
BANGKOK, Thailand (A) — U.S. Secretary of State Dean Rusk declared tonight he is confident "a strong, unanimous" resolution on Laos will be approved by the Southeast Asia Treaty Organization's council of ministers.

Rusk offered objections, showing a reluctance to antagonize the Soviet Union with a hard hitting SEATO resolution that might mar Laotian peace hopes.

Asked to comment on this, Rusk told a reporter: "It will all come out in the wash tomorrow."

Rusk acknowledged that there had been a lively disagreement with the French over the resolution but said it had never reached the stage of an open split.

The divergence of views emerged at the third secret session of the three-day ministers' meeting, which closes Wednesday.

Rusk urged the seven other foreign ministers of the SEATO nations at a session this afternoon to make clear to Moscow that the anti-Communist alliance is ready.

Leaders Hope Reds Will Ease Crisis in Laos

WASHINGTON (AP) — Democratic leaders of Congress left a meeting with President Kennedy today expressing hope of a cease fire in Laos and neutralization of that Communist-menaced nation.

House Speaker Sam Rayburn, D-Tex., told reporters after the weekly breakfast session that "The President and all of us looked at the situation as hopefully as possible under the circumstances."

Kennedy discussed with the legislators his conferences with British Prime Minister Harold Macmillan on Sunday and Soviet Foreign Minister Andrei Gromyko Monday, newsmen were told by Rayburn and the Senate Democratic leader, Sen. Mike Mansfield, D-Mont. Mansfield said the President's position on Laos remains unchanged after the two meetings.

"We are very hopeful," Rayburn added, "that a solution will come about that will be satisfactory to us and those who work with us in these affairs."

Kennedy was looking for a speedy answer from Soviet Premier Khrushchev on whether Russia will agree to a cease-fire. In his hour-long session with Gromyko, Kennedy was reported to have stressed that a truce must come before diplomatic talks—and the sooner Moscow replies the better.

Gromyko in turn was said to have indicated Khrushchev will respond in a few days, and to have asked that the United States meanwhile avoid any precipitous action on the Laos crisis.

U. S. strategists saw a good omen in Gromyko's request. They believed this might indicate Moscow is genuinely interested in a peaceful solution, and careful of a spread in the fighting.

Gromyko was described as showing a serious concern over the situation—more so than when he talked to Secretary of State Dean Rusk here 10 days ago.

While Gromyko headed for Moscow where Khrushchev is holding a Warsaw Pact meeting of Soviet-bloc powers, the free world allies

Storm Area to Get \$150,000

LITTLE ROCK (AP) — Almost \$150,000 in rehabilitation assistance will be provided to victims of the March 12 Arkansas tornadoes, the Red Cross said.

Ad Drandhorst, deputy director of disaster relief for the Red Cross' midwestern regional office, said the figure might be higher when all requests for aid have been processed.

The Red Cross said 10 countries were affected by the storm and three of the injured are in hospitals. Only one person was injured fatally.

Drandhorst said the Red Cross disaster headquarters at Little Rock probably will be closed within the next few weeks.

Total property damage from the storms has been estimated at upwards of \$1 million. Faulkner and Johnson counties were hardest hit.

Asks \$2 Billion to Boost Two Missiles

By ELTON C. FAY
WASHINGTON (AP)—President Kennedy asked Congress today for a boost of nearly \$2 billion in the nation's defense program primarily to beef up Polaris missile submarine and Minuteman missile projects.

Kennedy said he asked this step up in the defense budget he inherited from the Eisenhower administration because the United States must continue to have "the ability to survive a first blow and respond with devastating power."

The President said his requests stemmed from the reappraisal of the U. S. defense posture he requested Secretary of Defense Robert S. McNamara to make last January. While the review is many months short of completion, Kennedy said, "circumstances do not permit a postponement of all further action."

There was only the briefest mention in Kennedy's message to comparable U. S.-Soviet missile strength and whether the Soviet Union enjoys a so-called "missile gap" advantage over this country.

"It has been publicly acknowledged for several years," Kennedy said, "that this nation has not led the world in missile strength."

During last year's presidential campaign Kennedy said there was a missile gap. This was challenged by Republicans. Last month, Kennedy said it would be "premature to reach a judgment as to whether there is a gap or not again" until the McNamara study was completed.

In today's message, Kennedy said deterrent strength did not depend "upon a simple comparison of missiles on hand before an attack." Rather, he said, it "depends not only on the number of our missiles and bombers, but on our state of readiness, their ability to survive attack, and the flexibility and the sureness with which we can control them to achieve our national purpose and strategic objectives."

The shifts in the Pentagon budget recommended by Kennedy would produce these net changes in financing:

The total of new obligational authority (authorizing the services to order equipment to be paid in the next and subsequent years) would go up \$1,954 billion—from the \$41.84 billion proposed in the Eisenhower budget to \$43.794 billion.

Spending—or actual money to pay defense bills—would go up about \$890 million, of which \$650

NORTH LITTLE ROCK (AP)—A \$1 million Holiday Inn motel will be built near an interstate highway junction here. The location was announced Monday by Wallace E. Johnson, president of Holiday Inns of America, Inc., who said construction would start in about 60 days.

JFK's Budget Dishonest, GOP Accuses

WASHINGTON (AP) — The Republican National Committee today accused President Kennedy of submitting a dishonest budget to Congress last Friday.

The committee in its publication "Battle Line" declared: "There has never been a presidential message quite like the budget message submitted by President Kennedy on March 24, 1961. It is a dishonest document."

"The clear purpose of the message—and of the Kennedy separation of defense and nondefense spending plans—is to obscure the simple fact that the new administration is proposing whopping federal deficits as far into the future as forecasts can be made," the publication said.

"The budget message must have been designed by a man who used to operate the old shell game at the county fair."

"Now the budget is balanced. If one forgets billions in now spending and reduced revenues."

"Now the budget is unbalanced, and when it is unbalanced it is not Kennedy's fault—it is in the red chiefly because the Eisenhower administration failed to recommend the Kennedy expenditures."

In his message last week, Kennedy forecast two years of red ink financing for an apparent combined deficit of \$5 billion, sending the national debt to record highs.

He discarded as "overoptimistic" the January budget estimates of former President Dwight D. Eisenhower, who forecast a slim \$80-million surplus this year and a \$1.5-billion surplus in fiscal 1962, starting July 1.

Kennedy said the indications are for a deficit of \$2.2 billion this year and a \$1.8-billion deficit next year on the civilian side alone.

The GOP committee said the section of the Kennedy message relating to agriculture "is as phony as the promises made to farmers by the Democrats in the 1960 campaign."

Republicans in Congress said they would make a determined fight to cut Kennedy's proposals for domestic and foreign aid spending.

Commission to Move Meeting

WASHINGTON (AP) — The
Civil War Centennial Commission
plans to move its April 11-12 as-
sembly to the Charleston, S.C.,
naval station to avoid racial bar-
riers in the city proper.

The change in plans was in com-
pliance with President Kennedy's
anti discrimination policies, said
the commission chairman, Maj.
Gen. U.S. Grant III (ret.).

Kennedy had written the com-
mission that it had an obligation
to avoid racial discrimination in
its activities. His letter followed
the complaint of a New Jersey
Negro woman, planning to attend
the assembly, that she had been
denied a room.

The state centennial commis-
sions of New Jersey, New York, 11
California and Illinois had with-
drawn, mainly for racial reasons,
from the meeting to commemo-
rate the firing on Ft. Sumter 100
years ago.

In his announcement, Grant,
grandson of the Civil War general,
said every effort will be made to
lodge commission members, dele-

Puts in Pay Telephone for Friends

By EDDY GILMORE

LONDON (AP) — Paul Getty,
one of the world's richest and
most prudent men, said today he
has installed a pay telephone in
his stately English mansion.

"People are funny about tele-
phones," said the American multi-
millionaire. "They'll come as
guests and make long distance
telephone calls all over the world."

When you speak to them about
it, they look surprised and say:
"I spoke 30 minutes? Why, it's
impossible. It couldn't have been
more than three minutes."

Getty said that guests are not
the main problem, however.

"I've got some splendid serv-
ants now," he explained, "but in
the past, well, er, some of them
were calling up relatives in Scot-
land and talking and talking. That
all went on my bill."

Speaking in his slow Oklahoma
drawl, he added: "And then there's
the question of workmen. We have
a lot of them at Sutton Place. They're
always calling relatives and friends
in London."

Sutton Place, south of London,
is one of England's most beauti-
ful homes. Getty is said to have
paid about \$2.8 million to buy it
from the Duke of Sutherland.

"A call to London costs one and
three-quarters—three pence—
18 cents—said Getty, "and when
you get some fellow talking for
10 or 15 minutes, well, it all adds
up. So, I've installed a coin-box
telephone."

Job Not of His Own Choosing

ior decorator has a job to do at
his home here but the material
isn't of his own choosing.

Douglas May is perhaps one of
the few home owners having all

May's dilemma stems from Sun-
day's windstorm in which insula-
tion material was sucked from the
attic through an opening in an
unfinished carport and deposited
inside the house through a window
broken by flying debris.

The hapless May said, "I don't

It sticks like glue."

Students Trapped by Huge Tide

OCEANLAKE, Ore. (AP)—Two
college students were trapped for
14 hours by a high Pacific tide
in a seashore cove Sunday. Then
a search party came, lowered
ropes and pulled them up the face
of a 200 foot cliff to safety.

"It was kind of bad. It was rain-
ing and the wind was blowing most
of the time," said Deral Mc-
Keel, 19, of Taft, Ore., who was
trapped with George Wood, 19, of
Oceanlake.

They went into the cove at low
tide Saturday afternoon to look
for Japanese fish net floats which
often drift ashore here. When
they tried to leave, the rising tide
blocked the exit at the mouth of
the cove. They were unable to
climb the sheer cliffs at the two
sides and the rear of the cove.

Searchers spotted them in the
glare of searchlights that Coast
Guardmen played along the cliffs.
Both students were suffering
from exposure, but were other-
wise unhurt.

French Announce Peace Talks

PARIS (AP)—The French gov-
ernment announced today that
peace negotiations would begin
April 7 at Evian-les-Bains, on the
Swiss border, with representa-
tives of the Algerian rebel gov-
ernment in exile.

The brief announcement was
made by the office of President

were announced.

It is expected that Louis Joxe,
minister for Algerian affairs, will
head the French negotiating
team. The Algerian team is ex-
pected to be headed by Ahmed
Francis, a French-trained lawyer.

The French and the rebels
agreed several weeks ago to be-
gin talks. But the Algerian na-
tionalists apparently delayed the

Farmer Declares Society Growing

HUGHES, Ark. (AP)—Robert B.
Snowden, a Hughes farmer and
Memphis businessman, who de-
scribes himself as a founder of
the semi-secret John Birch Society
says the organization is growing
rapidly in Arkansas.

The society, headed by Robert
H. W. Welch Jr., of Belmont,

The Arkansas Gazette said at
Little Rock it had learned there
are three chapters in Little Rock
and others around the state in-

A Tennessee car salesman,
working for the society in Mem-

A somewhat similar organiza-

Says Decrease to Bring in More

LITTLE ROCK (AP)—Jim Park,
executive secretary of the Arkan-
sas Oil Dealers Association, de-
clared today that federal highway
funds would be increased—not de-
creased—by a termination of the

son, Mr. and Mrs. R. B. Baker
and children and Mrs. Glen Mc-
Kelvey spent Friday in Texarkana.

The Army ROTC Dept. of the
U. of A. recently appointed Martin
Gilbert, battle group commander
of the 4th Battle Group. He is the
son of Mr. and Mrs. Frank Gilbert
and a senior in Business Admin-
istration and holds the rank of
Colonel.

Colonel Linwood Griffin, profes-
sor of military science and tactics
awarded the promotion.

Bell Believes Recession at Bottom

WASHINGTON (AP) — Budget
Director David Bell said today
the Kennedy administration be-
lieves the recession is about at the
bottom and that the economy
should turn upward in the three-
month period starting Saturday.

Bell told the Senate-House Eco-
nomic Committee that by summer
and next fall, the recovery should
be proceeding at a good rate.

Nevertheless, he said that the
administration does not expect
the upturn will be anything like
as rapid as it would want.

For instance, he said it is likely
unemployment still will exceed
six per cent by the end of this
year, a figure he called far from
satisfactory.

Asked about the possibility of an
income tax cut to speed the re-
covery drive, Bell said that if the
President finds in mid April that
the economy is not responding as
it now is expected to do, "I as-
sume he will consider very
seriously the idea of a temporary
tax reduction."

Bell warned that the country
may face "increased rather than
reduced federal spending" in the
years ahead unless an arms re-
duction agreements is reached.

He said the Eisenhower ad-
ministration's January estimates
were in error for both the 1961
and 1962 fiscal years.

Both years would have brought
deficits instead of the slender sur-
pluses former President Dwight
D. Eisenhower predicted, Bell
said. He insisted—as Kennedy did
in his budget message Friday—that
civilian programs of the Demo-
cratic administration are not
of themselves unbalancing the
budget.

In his prepared statement, the
budget chief said budget outlays
must be geared to income.

present one-cent a gallon gaso-
line tax which was voted as a
temporary levy.

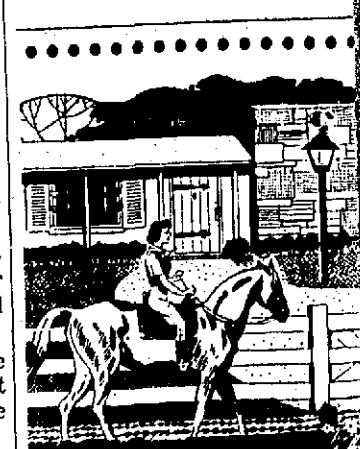

Park took issue with Highway
Director F. R. Oliver, who said
last week that Arkansas would lose
\$7 million a year in federal high-
way funds if the tax drops from
four cents to three cents a gallon
next June 30, as it now is sched-
uled to do.

Park said Congress has provid-
ed that with expiration of the tem-
porary one-cent levy, some \$802
million a year in automotive ex-
cise tax which now goes into the
federal treasury's general fund
would be channeled to highway
construction.

He said this was made clear in
a House report at the last session
of Congress.

The \$802 million diversion would

bring in about \$25 million a year
more than is being realized by the
one-cent tax, Park said.
He said that Arkansas' share of
this increase would be \$2 million
or more a year.

Husband Chasing Wife's Sister

By HELEN WORDEN ERSKINE

Dear Helen:

After 23 years of marriage, I find my husband is infatuated with my sister, two years my junior. We all live in the same house which we bought with inheritance money left us by my father. My sister separated from her husband after we acquired the house. I am crippled.

Should I give up everything we have and go back to an unheated, rented apartment, which means I cannot do for the sake of peace, or is there any cure for my husband? My sister doesn't encourage him. He has a self pity complex, is everlastingly disagreeable and picks on everyone. What should I do? We have three children. —Touchy Nerve Center Dear Touchy: Moving your family back to the unheated apartment isn't going to cure your love-sick husband. Hard-hearted though it sounds, if anyone moves out, it should be your sister. Boorish though your husband may be, he comes first, unless you are prepared to divorce him. Read my leaflet, "Marital Harmony."

Dear Helen:

My sister and I haven't been getting on too good. She's a year younger than I but you'd think she was 25 years older, the way she acts. We have separate rooms. I used to ask her for the loan of pen and paper but she said, "No," so I stopped. Now, when she asks me, I say, "No," and Mother says, "Why?" Hoping you can help. —E. M.

Dear E. M.: You're both acting like spoiled children. There is nothing more corroding to character and heart than contention. For your mother's sake, grow up.

Dear Helen:

My boy friend and I and another couple are planning a trip together this summer. We girls would sleep in a motel, the boys

Hughes of Texarkana, Mrs. S. E. Gilliam of El Dorado, Charles Mowery of Hot Springs, Mrs. Charles Chambliss and Mrs. Tom Davis of Gurdon.

Mr. and Mrs. Roy Rogers of Shover Springs and Mr. and Mrs. Clinton Ellis paid a welcome visit to Mr. and Mrs. A. Q. Smith on Sunday. The Smiths have recently moved to Hope from Corinth.

Mr. and Mrs. Albert Graves went to New Orleans, La., this weekend to see their son Johnny at Tulane.

Mrs. Jett Williams and Mr. and Mrs. Al Williams spent the weekend in Sterlingburg, La., with Mr. and Mrs. David Williams.

in the Southeast Asia Treaty Organization went ahead with plans on how to meet the Red threat in Laos.

It was understood that the Kennedy-Gromyko session caused no change in signals for the SEATO group now meeting in Bangkok, Thailand — the military alliance will proceed with its consideration of alternative actions to take depending on how the Laotian situation develops.

Press reports from the stricken Southeast Asian kingdom spoke of a lull in the fighting between royal government forces and pro-Communist rebels. But authorities here had no word of a let up in the Soviet-North Vietnamese airlift of arms to the insurgents which began last December.

Press secretary Pierre Salinger described Kennedy as still hopeful for a peaceful outcome to the Laotian crisis, and other administration authorities viewed the Kennedy-Gromyko talk as easing some of the tenseness of the situation.

Gromyko indicated he had brought an oral message from Khrushchev. He declined to say what it was, but other informants said Gromyko generally followed the current Moscow line friendly to the idea of an international conference to tackle the Laotian question.

However, Gromyko failed to answer a specific question—whether the Kremlin would agree to a cease-fire—sources said.

In a tent, a close friend tells me that no boy and girl (or two couples) should go on a trip like this unless they are married. I am 19, my boy friend 22. The other couple are the same age. We are not ready for marriage. We attend church with each other every Sunday. All of us are decent young people. Is a trip such as we plan improper? —Miss X

Dear Miss X: If you were a little older and more experienced I would say: Snap your fingers at Mrs. Grundy. But, since you aren't and human nature is what it is, you could be pure as the driven snow and still people would talk. Don't give them cause.

Young Slayer to Trial in Summer

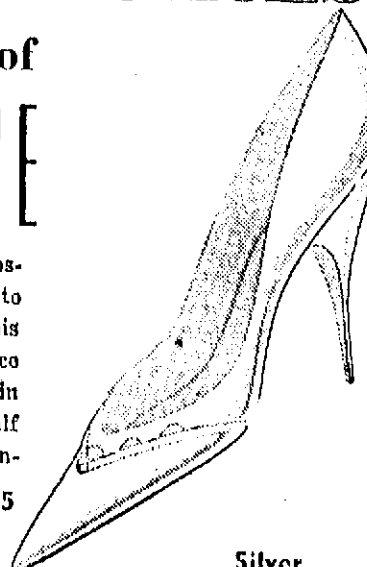

MARION, Ark. (AP) —It probably will be midsummer before a 14-year-old West Memphis youth goes on trial here for the shooting of two younger West Memphis companions last September. Circuit Judge Charles Light of

Jonesboro has agreed to preside at the trial if he can work the case in during summer court sessions. The case was continued indefinitely after the death of Circuit Judge H.G. Partlow of Blytheville who was scheduled to preside. Garvis Basil Nichols has admitted the double slaying of last Sept. 9. Killed were Douglas Brock Naylor, 9, and James Wallace Mellon, 11. Gov. Orval E. Faubus must appoint an east Arkansas to fill the vacant judgeship. The Northeast Arkansas Bar association has endorsed Edward Madox, a Harrisburg attorney.

Nettleton to Change Terms

JONESBORO, Ark. (AP)—Starting this fall students in the Nettleton School District here will switch from a split school term to a consecutive nine-month session, voters decided 254-216 in a special election Saturday.

The school district is located within the Jonesboro city limits. Under the split system classes started in July and were dismissed in September for cotton picking. They resumed in November and let out the following May.

Carter, will present its ninth annual concert in Harris Gym Friday, April 7, at 7:30 p.m. Special features of the program will be vocal solos and duets by students of the high school classes. Tickets are being sold by members of the Band Mothers' Club.

The pastor and members of Bethel AME Church invite everyone to worship with them in a series of services beginning tonight and continuing through Friday, March 31.

Various organizations of the city will conduct the services each night. Rev. Thomas, pastor.

Students Visit State Capital

The senior class in Arkansas History visited Little Rock, the only city in the nation with three capitols, Friday, March 24. The class was accompanied by the instructor, Mrs. Edna Spearman, Mrs. O. C. Lewis, counselor and R. R. Lowe, bus driver.

The group viewed the Governors Mansion, the Territorial Capitol, and Old State House. A guided tour lasting more than an hour was made of the State Capitol. Another interesting tour was the Museum of Natural History and Fine Arts. In War Memorial Park the class had lunch, saw the Zoo and then left Little Rock at 5:35 p.m. for Hope. The class expressed appreciation to Mr. Rutherford and also the teachers who accompanied them. Special thanks went to Horace Mann High School for William Brown, 10th grade guide. Gwendolyn Booker, reporter.

Lakers Take Lead in Pro Cage Playoff

ST. LOUIS (AP)—The fiery Los Angeles Lakers—thanks to uncanny Elgin Baylor—have the St. Louis Hawks down 3-2 in the Western finals for the second straight year, but they vow "we won't let 'em up this time."

The Lakers—to a man—remembered they lost the series after taking a 3-2 lead by winning the fifth game at St. Louis 120-113 last season. They made it clear they were determined to take it all this time, after winning the fifth game Monday night 121-112.

"We're going to win it in six this time," said Baylor, whose 47 points and great all-around game killed the Hawks.

The Hawks won the sixth game on the Laker court last year by 21 points, then clinched the Western playoff title of the National Basketball Association in the seventh game at home.

St. Louis will be without 6-foot-9 Clyde Lovellette, a great outside shooter who's had a tough series, but is always a big threat, in Wednesday night's game. Big Clyde suffered a twisted lower spine and may have a slipped disc. He is out for the season.

to intervene with arms to prevent Laos falling to pro-Communist rebels bolstered by Soviet-supplied arms.

With the ministers meeting behind closed doors for the second day, Rusk reportedly told his colleagues in the Southeast Asia Treaty Organization that there has been no information on any Soviet moves to end the hostilities in the strategic kingdom next door to Thailand.

The SEATO Council completed its evaluation of the situation in the area and got down to the urgent business of drafting a resolution telling the world—and the Communists particularly—where they stand.

The American foreign policy chief reportedly said that an official Soviet response to British proposals for a cease-fire could not be expected before the foreign ministers of the eight nations end their annual meeting here Wednesday afternoon.

Rusk emphasized that Soviet peace talk should not influence their course of action in dealing with the crisis and standing firm against a Communist takeover.

One conference source said it would be safe to speculate that the Soviets are trying to disrupt the SEATO meeting with such peace gestures as the article in Pravda Monday again expressing Soviet willingness to negotiate an

Asks \$2 Billion

Continued from Page One

million would be during the coming fiscal year 1962. The Eisenhower spending proposal was \$42.9 billion. Kennedy's was \$43.8 billion.

Underlying the revisions requested by the President was the question of the United States "as a power which will never strike first." As such, Kennedy said, "our hopes for anything close to an absolute deterrent must rest on weapons which come from hidden moving or invulnerable bases which will not be wiped out by a surprise attack."

Although the President proposed that production capacity for Minuteman missiles should be doubled "to move to still higher levels of strength more swiftly," he rejected an Air Force idea about the use of some of those missiles. He recommended eliminating from the budget money to mount three squadrons of Minutemen on railroad cars, but said development work on that part of the program would continue.

Kennedy requested an additional \$96 million in new money for the Minuteman program.

Kennedy recommended a 13,000-man increase in military manpower. This would add 5,000 to the Army (most of them to increase the special forces for guerrilla-type warfare and to create an additional battle group of about 1,800 men); 3,000 for the Navy, chiefly for more Polarix crews; 3,000 for the Marines to provide an additional infantry battalion, and 2,000 for the Air Force, primarily for increasing the ground crews in a stepped-up ground alert program.

The proposed elimination of military interest in the atomic-powered airplane project comes after about \$1 billion and 15 years were spent on it. A defense spokesman told newsmen that "we see no likelihood of a militarily useful plane within the time or money we can afford."

The decision can save at least \$1 billion more in spending, Kennedy said.

The President proposed that what is left of the atomic airplane project be turned over to the Atomic Energy Commission which has been working jointly with the Air Force on the program.

The B70 bomber project is intended to produce planes able to fly more than 2,000 miles an hour at superhigh altitudes.

The oncoming ballistic missile capability "makes unnecessary and economically unjustifiable the development of the B70 mach 3 manned bomber as a full weapons system at this time," Kennedy said. He added that the B70 would not become available in quantity until well beyond 1965, by which time there should be a large number of ICBMs.

Even on a limited basis the B70 program will have cost \$1.3 billion before it is completed in 1967, Kennedy said.

On the other hand, Kennedy recommended a \$50-million increase for another bomber-missile project, Skybolt. That program calls for the launching of ballistic missiles with a 1,000-mile range from B52 bombers. Kennedy said such a bomber-missile combination was less likely to be eliminated in sudden enemy attack on bases and moreover the program would extend the useful life of present bombers into the missile age.

The President proposed a \$226-million increase in new money for space and missile defense projects. These include the Midas satellite for detecting, through infrared radiation, the launching of enemy missiles.

Under California law the same jury of 10 men and 2 women will now decide the penalty. Superior Court Judge David Coleman told them to return for this purpose next Monday.

The jury had deliberated a little over 21 hours since last Thursday morning.

The end of the three-month trial with dramatic swiftness before about 80 intent spectators in a drab, eighth floor court room in the 35-year-old Hall of Justice.

Co-prosecutor Crail said: "This restores my faith in the jury system. This (the guilty verdict) should have happened in the first trial."

Maxwell S. Keith, young attorney who took over Finch's defense for the third trial, said: "We are definitely going to appeal. I am disappointed and surprised over the verdict."

Carole's attorney, Donald S. Bringgold, refused to comment. The verdict climaxes a case that attracted worldwide attention since "Bunny" Finch, as friends called her, was found dead on a next-door lawn.

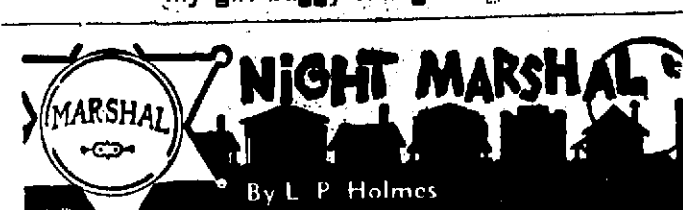

Prosecutors claimed the then wealthy surgeon and his mistress cold-bloodedly killed Mrs. Finch so they could marry without a costly divorce settlement. Finch testified the shooting was an accident.

"Pop, can I have keys to the stable? I want to take my girl buggy riding tonight!"

CHAPTER XX

Millerson told a long, speculative glance on Spence Munger and Dad Weyl. He shook his head as though in violent denial of something.

"Dad Weyl has been with me for years. I'd trust him with my last dollar."

"We weren't talking about the old chap," reminded Waddell. "I know how you feel, Millerson. You just hate to believe someone you've trusted isn't worthy of it. I could be wrong, understand—I hope I am. But human nature being what it is—and a lot of it isn't exactly pretty, well, a man would be foolish not to be practical."

"Yes," agreed Millerson reluctantly. "That is so. I'll keep a more alert eye on things. And I appreciate your concern."

Waddell waved a casual hand. "Part of the job. Something else that isn't any of my business, maybe—but what kind of a salary do you pay Munger?"

"A fair one. Certainly enough to live on comfortably."

"And to gamble on?"

Millerson's glance narrowed. "Why?"

"The game Munger was sitting in on last night wasn't for nickels."

Millerson considered this for a moment, then swore softly.

From Millerson's, Chris Waddell went along Summit Street with quick, vigorous strides. The two items of concern he'd decided upon last evening had been taken care of.

At the corral he looked up Tim Roach, a leathery, taciturn Irishman and within another 15 minutes was sitting in a rented saddle astride a rented horse and climbing out of the Midas Hill basin to the north.

It was the first time he had been in a saddle since the days of Mesa Bluffs.

The trail held hoof sign to show the others had been over it recently, and Waddell pondered this fact idly. Somewhat later and several miles along he moved into a meadow and there faced another rider. Waddell reined in and touched his hat.

"Miss Vespasian!"

Norma Vespasian's glance held courtroom, the lovers embraced tearfully and tenderly. They stood clasped together briefly. Then Carole, head down, shoulders shaking with sobs, followed a woman sheriff's deputy back to jail a few floors above.

Pro Cagers Draft Senior College Talent

By JIM VAN VALKENBURG
Associated Press Sports Writer

ST. LOUIS, Mo. (AP)—The field of senior college talent—chiefly in super-tall players—was supposed to be leanest in years at the annual National Basketball Association draft, but most coaches and owners came away smiling.

Indiana's 6-foot-11 Olympic player, Walt Bellamy, was the No. 1 choice, and St. Bonaventure's 6-foot-5 Tom Ith, a tremendous offensive player, was the second choice, as expected.

Then the NBA owners started reaching into the services, the amateur ranks and the Eastern League, for some talented players who won't be under the pressure of their press clippings when they try to crack the NBA next season. Only 12 rookies made it this season.

It was obvious these "sleeper" picks were bringing the smiles Monday. Chicago, the NBA's ninth and newest club, chose Bellamy and was given the first five choices plus the last one in the second round. Coach Jim Pollard seemed pleased over his picks—four of them 6-6 or over.

The downtrodden New York Knickerbockers, with the worst won-lost record in the NBA, picked Ith, tagged "the closest to Elgin Baylor I've seen" by Knicks President Ned Irish.

But the Knicks first five choices included not one man over 6-foot-5, despite Irish's earlier statements that his club needed a giant in the worst way. Irish once threatened to pull the Knicks out of the NBA unless given a chance at Bellamy.

Some friction seems certain to develop between the NBA and the new American Basketball League, although NBA President Maurice

MaHan Traded to Baltimore Colts

GREEN BAY, Wis. (AP)—The Green Bay Packers have traded quarterback Lamar MaHan to the Baltimore Colts, who plan to use him as a replacement for star passer John Unitas.

MaHan, 28, is a seven year veteran of the National Football League and a former University of Arkansas star. The trade, for "an undisclosed draft choice," was announced Monday.

Syracuse was happy with its first four picks—all little-publicized players in the 6-6 to 6-7 category and headed by Ben Warley, ex-Tennessee A&I, who played last season with Cleveland in the amateur National Basketball League.

But Cleveland picked the same day as the NBA draft to turn professional and move into the new ABL. This might knock out the Nats No. 1 choice, Bellamy has been drafted by the Chicago entry in the ABL.

Cincinnati, drafting third after Chicago and New York, picked Larry Siegfried, 6-4 of Ohio State. This opened the way for Detroit to draft Ray Scott, 6-9 and 235, veteran of three seasons in the pro Eastern League with Allentown, Pa., after one year at Portland.

St. Louis surprised with 6-1 Cleo Hill, a 20-point scorer from Winston-Salem, N. C. College, as its top choice, with Ron Horn, a 6-7 all-around player who was a freshman at Indiana with Bellamy, the No. 2 pick. NBA champion Boston went for backline help, taking 6-3 Gary Phillips of Houston and 6-2 Al Butler of Niagara. Philadelphia's top pick was rugged 6-7 Tom Meschery of St. Mary's, Calif. Los Angeles chose Wayne Yates, 6-8 of Memphis State as No. 1.

PICK-OFF—George Thomas of the Tigers barely gets back of first base safely in an attempted pick-off play as the Detroit club plays the St. Louis Cardinals in an exhibition game at Al Lang Field in St. Petersburg, Fla. Pitcher Bob Sadowski's throw to Bill White was not quite in time to catch the recruit outfielder's dive into the bag.

DRAT!—Despite the determined look, Roger Maris of the New York Yankees is fooled by an outside pitch in batting practice at Al Lang Field in St. Petersburg, Fla. Jesse Gonder is the catcher. Manager Ralph Houk is highly interested observer behind cage.

Cards Gloomy Over Loss of Star Hurler

By MIKE RATHET
Associated Press Sports Writer

There was a subdued atmosphere at the St. Louis baseball camp today as huddled groups quickly discussed the freak accident that sent Cardinal right-hander Larry Jackson to the hospital with a fractured jaw.

The durable 29-year-old hurler, who led the National League in innings pitched while compiling an 18-13 record for the Cards last year, was struck by a bat fragment during Monday's 1-2 exhibition loss to the Los Angeles Dodgers.

Duke Snider was batting in the sixth inning when the most serious accident of the exhibition season stunned the Cards. Snider, who had previously tagged Jackson for a homer and double, rapped one back to the box as the bat splintered.

One of the fragments hit Jackson in the face while he was fielding the grounder. He was rushed to a hospital where X-rays revealed the fracture. He will be lost to the club for an indefinite period.

Elsewhere, fine pitching performances were turned in by Milwaukee's Lew Burdette and Warren Spahn as they combined to five-hit the Chicago White Sox 1-0, and Chicago Cub southpaw Dick Ellsworth, who went the distance in a 7-4 triumph over San Francisco.

In other games, Minnesota outslugged Baltimore 12-9, Cincinnati belted Detroit 11-8, the Los Angeles Angels defeated Cleveland 9-7, the Tigers' B Team edged Washington 6-5 in 10 innings and Kansas City beat New York 5-2 in 10 innings.

Snider drove in five runs against the Cards as the Dodgers laced Jackson and reliever Lindy McDaniel for 14 hits en route to their seventh straight win. Don Drysdale was effective for Los Angeles, allowing seven hits and two unearned runs in a seven-

Counties Closed to Turkey Hunting

LITTLE ROCK (AP) — The Game and Fish Commission says Phillips, Lee and Crittenden counties will be closed to turkey hunters during the first half of the state's split turkey season because of high water in the area.

The first half of the season is from April 1-4.

An additional four days will be added to the second half of the season, April 20-23, in those three counties. It will continue to the 27th there.

inning stint.

Spahn drove in the games' only run against the White Sox with a single in the seventh after a walk to Felix Mantilla and Roy McMillan's sacrifice. The winning blow came off Bob Shaw after Herb Score had checked the Braves on three hits for six innings.

Two errors gave the Cubs four unearned runs, including two of the winning rallies in a three-run seventh inning rally against the Giants. That was enough for Ellsworth, who gave up 12 hits as he joined teammate Jack Curtis as a winning performer.

Jose Valdivielso collected four RBIs with a homer and a double, while pitcher Tom McAvoy and Dan Doherty also contributed homers to the "Twins" 13-hit attack against the Orioles. Marv Breeding, Jerry Adair and Dave Philley connected for Baltimore.

Vada Pinson's two-run homer in the eighth clinched it for the Reds, who shelled Tiger pitching for 14 hits. Home runs by Bob Cerv, Steve Bilko and Del Rice powered the Angels to their win over the Indians, who got circuit shots from Tito Franco and Don Dillard.

The Tigers' B squad won it in the eighth when pitcher Gordon Seyfried worked the Senators' Dick Sisler for a walk with the bases loaded. Norm Siebern's base-loaded single gave the A's the clincher against the Yankees in their extra inning contest.

Porkers Take on Tulsa in Twin Bill

TULSA, Okla. (AP) — The Kansas Razorbacks, smarting from a 10-6 loss to Buena Vista (Iowa) College Monday in their baseball opener, take on the Tulsa Hurricane in a double header here today.

There were two bright spots for the Hogs in Monday's showing. John Abramczyk, who got only nine hits last year, collected 4 for 5 to lead the Hogs at the plate. And Darrell Peters hurled on at ball at Buena Vista for the last four innings.

Three Buena Vista players had three hits each. Jerry Patterson smacked a grand slam home run in the fifth inning, in which the visitors got the five runs that provided the winning margin. They led 10-0 before the Hogs crossed the plate.

Jack Pierick, the Buena Vista starter, was the winner, and Gary Weaver was the loser for Arkansas.
